

Cisco Network Administrator/Engineer

Reply to: careers@techcessgroup.com

Techcess Group has an immediate opportunity for a Cisco Network Administrator/Engineer to join our server team in the Houston TX, Greenway Plaza location.

The candidate must be comfortable working in a fast paced environment with little direction. The primary role of the candidate will be to support Cisco and other network devices but as a member of the server team, must also support server related issues.

Required Skills:

- Candidate must have extensive hands-on knowledge of designing, implementing, monitoring, and fixing Cisco routers, firewalls, and switches.
- Candidate MUST have intimate knowledge of command line IOS. SDM/PDM experience will not be considered.
- Candidate will be expected to support 1800, 2800, and 3800 series routers.
- Candidate will be expected to support 1900, 2900, and 3500 series Catalyst switches.
- Candidate will be expected to support PIX firewalls and Cisco Aironet devices.
- Candidate will also be expected to support other network equipment such as Dell PowerConnect, HP Procurve, SonicWall, etc.
- Candidate is expected to analyze 100+ small and medium size client environments and fix any and all network issues in accordance with Best Practices.
- Must be able to resolve high level technical issues related to networks including site to site VPNs, VLANs, high availability, routing protocol issues (EIGRP, RIP2, OSPF), security hardening, etc.
- Candidate must have knowledge of Windows Server 2003 (Standard and Enterprise) and should be able to support AD, DNS, DHCP, etc. issues.
- Candidate must have a willingness to learn new technologies such as Windows Server 2008.

Qualifications:

- 3 years of Cisco networking experience
- 2 years of Windows Server experience
- High school diploma or equivalent (Required)
- Bachelor's degree in related field (Preferred)

-CCNP, CCDP, MCSE 2003 and other advanced certifications preferred but experience will be considered in place of certifications.

Benefits:

Techcess Group offers a competitive salary plan, overtime pay, opportunities for continued learning and certifications, and benefits package including 401(K). We are a Microsoft Gold Certified Partner and are ranked #9 on the Houston Business Journal's FastTech 50 list of fastest growing IT companies in Houston.
